

"WOMAN, I KNEW
this would happen."

Since the early 1980's, nearly 500 families in Bermuda have been affected by the HIV/AIDS virus.

Worldwide, statistics show that 5 people die of AIDS every minute of every day.

HIV has hit every corner of the globe, infecting more than 42 million men, women and children, 5 million of them last year alone.

Here in Bermuda we are fighting to bring about awareness of the devastating effects of AIDS and HIV-related diseases, but we must educate against the stigma and discrimination.

Stigma and discrimination create a climate of fear and ignorance.

Please join us in our mission and help us to EDUCATE, not DISCRIMINATE

Please contact the Ministry of Health and Family Services at 239-3542, Allan Vincent Smith Foundation at 295-6882 or STAR at 292-5941 for more information.

Educate, Don't Discriminate
